Reward for Information

Gov. Willson Plans to Block Raids Before They Are Well Started.

PEACEFUL ARMIES ALSO
Russellville Raid Was Only Organized to Intimidate Hopkinsville Witnesses.

Frankfort, Ky., Jan. 3.—Gov. Willson was here this morning of the raid on Russellville, and immediately prepared a typewritten statement concerning the affair, in which he offers a reward of \$500 for any information given in advance of a contemplated raid by "night riders," or the so-called "peaceful armies." This is a new feature in the case, and the Governor expects that it will prevent more trouble like the attacks on Princeton, Hopkinsville and Russellville.

In the statement the Governor declares that not only the night riders, but the peaceful armies as well, are acting in violation of the law, and he declares that every power in the state will be used in efforts to stop the reign of lawlessness, in the two regions.

The Governor in strong terms denounces as cowards and criminals, not only the members of the bands which operate at night, destroying property in the towns and country, but he also declares that if the law is to be upheld the "peaceful armies" must be stopped as well.

"The Russellville raid was clearly a violation of the promises made by the managers of the associations in that part of the State, and was made to hinder the prosecution at Hopkinsville by intimidating the officials and witnesses—the only result will be to add to crimes and new criminals, guilty of open felonies similar to those at Hopkinsville and Princeton, and to make it harder for the tobacco growers in that region even to get living prices for their tobacco; to further dislodge the State, inflict further immense destruction of values of farms and all property in that district, to destroy the tobacco market there, to oppress and grieve the people and take away their liberties and to shake their faith in the protection of the laws and to force capital and valuable immigration to shun Kentucky, and all this without the least hope or chance to help the men who formed these conspiracies, or any of their tobacco.

MEANS MORE CRIMES.

"It simply means more crime, more criminals, more who will have to go to the penitentiary and more disgrace to Kentucky, more distress to all of the people there, more heavy expense to be paid out by the people as tax money for protection of their liberties and constitutional rights, more burdens on the law-abiding majority, more destruction of property values, and more ruin to the market for tobacco and all other produce of that district, and more thousands of the flower of Kentucky citizenship leaving Kentucky to seek homes where the laws protect and Kuklux are unknown. In the end it means the penitentiary for the infamous men who formed this conspiracy and for many of their dupes, for though their associations number thousands, the law-abiding, law-loving people number hundreds of thousands, and there can be no possible hope that the Kuklux can govern Kentucky and a possible escape from punishment when, as surely must come to pass, in a short time, the last extant of the crime and hurt is understood, and the conscience, due to the faith of the people resume control and restore the full and irresistible power of the people's law.

MARCHE ON FOOT.
Crowd Was Small; Some Estimates Putting the Number at 50.

Russellville, Ky., Jan. 6.—The raid here last Friday morning was shortly after midnight. The night riders were not on horseback when the attack began. The night policeman attempting to ring the fire alarm, after striking the bell three times, heard a nearby voice say "stop that racket." Looking around he gazed down the muzzles of two Winchester rifles held by masked men. He was ordered to hold up his hands and make no further attempt at an alarm.

The night riders were evidently thoroughly drilled and under experienced lieutenants, as guards and patrols were stationed at every village point in town before the citizens knew of their presence and before the signal was given for the firing of the factories.

Mis. McQuilkin, night operator for the Home Telephone Company, requested the guards who prevented her from manipulating the board to allow her to answer her mother, who was frantically ringing for her. They allowed her to state to her mother that she was in no danger, but would allow no further conversation. After accomplishing their purposes they marched in military form around to where they had placed pickets, picking them up as they went. After firing the American Snuff Company's factory they marched through the center of town in two lines extending across the street, with eight file closers in the rear walking backward with ready guns.

It will be unnecessary for you to go through a painful, expensive operation for piles if you use Man Zan. Put up in collapsible tube with nozzle, ready to apply to the soreness and inflammation. For any form of piles, price 50c, guaranteed. Sold by Anderson-Fowler Drug Co., incorporated.

Hung Jury in Powers Case

Stood Ten For Acquittal and Two For Conviction.

WILL ASK FOR PARDON.
Bail Is Denied and Fifth Trial Set For July 6.

Georgetown, Ky., Jan. 5.—The jury in the Powers case was unable to agree on a verdict and was discharged by Judge Morris, who overruled a motion for bail and fixed July 6 as the date for the next trial. The jury stood ten for acquittal and two for conviction. Powers' friends and attorneys have taken steps toward requesting a pardon from Gov. Willson, and a long telegram was sent to the Chief Executive, informing him how the jury stood. It is said petitions will be circulated throughout Kentucky and the United States in the hope that thousands of persons will sign, asking Gov. Willson to issue a pardon. Ten of the jurors signed an affidavit stating that from the evidence they do not believe Jim Howard fired the shot that killed Gov. Goebel.

BORN IN HOPKINSVILLE

Bernard H. Pryor Dies in Paducah.

Paducah, Ky., Jan. 4.—Mr. Bernard H. Pryor, 85 years old, of this county, died of general debility after a lingering illness. A short time ago he fell unconscious in his barn, and had been failing steadily since. Mr. Pryor was born in Hopkinsville, Ky. He removed to Trigg county, and was connected with the great Hillman iron furnaces for some time. In 1857 he came to Paducah, and had lived in this vicinity since. Fifty years ago he married Miss Anna Cole, of Paducah, and she survives him.

"The Lunatic and the Lady"

Among the season's greatest successes is Melville B. Raymond's dancing, prancing musical comedy, "The Lunatic and the Lady," which comes to Holland's opera house tonight. One of the special features of the performance is Miss Gyette, the world's greatest toe dancer, who was brought from Europe in September 1907 by Mr. Raymond under a five year contract to appear with his attractions.

Burley Pool Deal Is Off

American Tobacco Co., Makes Offer For One Sixth Of It.

THE OFFER IS REFUSED.
Another Conference With The Gov. and Pres. Duke to be Waited Upon.

Frankfort, Ky., Jan. 6.—At a conference between Gov. Willson, R. K. Smith and H. A. Walker, representing the American Tobacco Company held in the Governor's office Saturday, Mr. Smith agreed to arrange a meeting between the Executive Committee of the Burley Tobacco Society and President James E. Duke, of the American Tobacco Company. State Senator J. W. Newman has prepared a resolution which will be introduced on the first day of the coming session of the General Assembly for the appointment of a committee of seven members to investigate the tobacco conditions thoroughly and report the causes for the recent disorders.

The conference at Frankfort followed the refusal of the Society of Equity to accept Mr. Smith's offer of 12 cents for 10,000,000 pounds of the Burley pool of 60,000,000 pounds. The tobacco is being held at 15 cents. The negotiations were broken because Mr. Smith had no authority to buy the whole pool. It is believed that the price might have been accepted if the offer had been for the entire pool. Burley tobacco sold Saturday in the Lexington market at \$10.38.

BIG TOBACCO PURCHASE

American Buys 3,000,000 of Green River Association.

Owensboro, Ky., Jan. 6.—The American Tobacco Company Saturday closed a deal with the Green River District Association, a branch of the American Society of Equity, for 3,000,000 pounds of tobacco. This is the third purchase made by the American from the Green River Association, the two other purchases being of 3,000,000 and 600,000 pounds, respectively, making a total of 6,500,000 pounds recently purchased from this organization.

Sale Record Broken.

Lexington, Ky., Jan. 4.—From a recapitulation made to-day, it is shown that the white burley tobacco sold this week on the local breaks, broke the world's record for loose leaf stuff, 1,800,000 pounds selling for an average of \$10.38 per hundred. The best previous record was made here the week before Christmas when 1,460,500 pounds sold at an average of \$10.10.

DINNER

Given to the People of the Anderson & Co.'s Stores.

Acknowledgment of the efficiency of the people connected with the big stores of J. H. Anderson & Co., was made by Mr. Jno. H. Bell, of the firm, last Saturday in the way of a big dinner, at his home on East Second street. There were about 20 at the table. The menu was everything that could be desired and Mr. Bell was declared the prince of hosts. Plans for the business of 1908 were brought before the occasion and the occasion was most delightful.

WRITES TO JUDGE COOK

Urge That The Investigation be as Searching as Possible.

Frankfort, Ky., Jan. 2.—Gov. Willson to-day addressed a letter to Circuit Judge Thomas P. Cook at Hopkinsville, in which he expressed the belief that Judge Cook would do his duty during the present term of court faithfully and usefully, notwithstanding the fact that the duty would be an unpleasant one under the existing circumstances. The Governor assured Judge Cook that he gave no credit to the thoughtless talk being indulged in by some that the officials of the court would not do their full duty in the investigation of the raid on Hopkinsville.

He said there was no doubt that several hundred men were guilty of a felony under the Ku Klux act and of a conspiracy to commit arson and of shooting with intent to kill. He said the act was a calamity to the state, district and to Christian county, the full extent of which will not be counted for years to come. He said that the crime admitted of no defense and would not admit of any hesitation of the authorities to condemn it.

Gov. Willson pleaded with Judge Cook for the most earnest, serious and unyielding effort on the part of himself and the Commonwealth's Attorney for the apprehension and indictment of the guilty, but asked for an absolutely fair and impartial investigation of everyone on trial. The Governor further assured Judge Cook that he had done all he could do to uphold the law and sustain the court, and that he would continue to do so, but that, on the other hand, he would faithful to his duty in the consideration of the condition of the investigation.

The Record in Hopkinsville
Is A Unique One.

If the reader has a "bad back" or any kidney ill and is looking for relief and cure, better depend on the remedy endorsed by people you know. Doan's Kidney Pills relieve quickly—cure permanently. Hopkinsville citizens testify to this. Here is a case of it:

J. W. Pritchett, 752 E. Seventh street, Hopkinsville, Ky., says:

"Four years ago Doan's Kidney Pills which I procured at L. A. Johnson & Co.'s drug store brought me this great relief that I was glad to tell the people of Hopkinsville my experience with the remedy. Before using them, pains existed in my kidney and in the back which caused me a great deal of annoyance. I saw Doan's Kidney Pills advertised so highly that I concluded to try them. They proved to be an excellent remedy, relieving me of the aching in my back and helping me in other ways. I have great faith in Doan's Kidney Pills and I am sure if people who have kidney trouble will use them according to directions they will be satisfied with the results obtained.

A woman in a Kansas town thrown

suddenly upon her own resources invested \$200 in a popcorn outfit.

Her sales in eight weeks amounted to \$445.55, giving her a net profit of about \$297, thus paying for her equipment and leaving her an overplus of \$27.

Triplets Born to a Cow.

Wm. Spencer, of Hodgenville, Ky., is the owner of a fine Jersey cow

which gave birth to triplets a few days since. Two of the calves are thriving youngsters, and it is believed will make valuable animals. One of the calves met with an accident while playing around and had to be killed. The cow is said to be one of the finest milkers in Kentucky.

Former Governor Horace Boies, of Iowa, is critically ill at El Paso, Texas. He was taken from a train en route to California, having developed pneumonia.

Muncie, Ind., has been placed under martial law owing to the street car strike. Twelve infantry companies and one battery of the State Guard are now on duty there.

Miss Marjorie Conley, of Louisville, a telephone operator in New York, was last week married to D. Perry Wilson, who rescued her from drowning at Atlantic City last summer.

Former Adj. Gen. Henry R. Lawrence has bought the interest of Geo. S. Smith in the Cadiz Record, and he and his brother, John Lawrence, will continue the publication under the firm's name of Lawrence Bros.

Circuit Judge J. W. Sandridge, of Russellville, says if it is necessary he will call a special term of the Logan Circuit Court to investigate the night riders' raid on Russellville, but he hardly thinks this is necessary, as the regular term of court convenes the first week in February.

George A. Pettibone and Charles H. Moyer, president of the Western Federation of Miners, charged with complicity in the murder of former Gov. Frank Steunenberg, of Idaho, were set free Saturday. Pettibone was acquitted by the jury and the charge against Moyer was dismissed on motion of the State.

The second trial of Harry K. Thaw for the murder of Stanford White began in New York yesterday. There will be a different judge presiding. Justice Victor Dowling. Women will be excluded from the court room and the trial will be up on much less sensational lines than the first. Mrs. Thaw will again be the chief witness.

The Cadiz Record thus condemns the interference with negro labor.

"The Record wants to stamp its disapproval of the anonymous letter-writing over the country warning the farmers not to employ negro labor during the coming year. We feel that this is more the work of a lot of frivolous and thoughtless boys than it is of any real men. We do not believe the farmers from employing negro labor, but it is a serious matter and should be stopped. The negro in a great measure is dependent upon his labor for his living. The land owner needs the labor. Theirs is a mutual interest, and he who would bring about a strike along this line is doing himself and his employer a great injustice. This thing has gone too far already, and the earlier it is stopped the better it will be for those who have engaged in it. We make these suggestions in the spirit of love and friendship for the laborer and the farmer, and trust they will be accepted as the advice of a friend."

Mr. Allen's Loss.

Mr. G. W. Allen, whose store and dwelling at Garrettsburg were destroyed by fire a few nights ago, estimates his loss at \$4,300. He had only \$2,000 insurance.

BUYS THROUGH MAIL ORDER

And in Doing So Contributes To
ward Capital Concentration in
the Big Financial Centers, to
His Great Injury.

Lord bless the American farmer. He is one of the nabobs of creation and he hardly knows it. In a single year his work adds to the wealth of the nation more by a hundredfold than all the mines of the country. He gives to the world twice the value of the wheat produced, and all the flour, the products and mills of the nation produce. He supplies the lubricant to keep the wheels of progress in motion, and if he only knew it could buy and sell a few hundred Rockefellers, and still have enough left to purchase few kingdoms.

You must not admit that this great American farmer needs some enlightenment as to common economics.

While he is the king of wealth producers, and a lot of it sticks to his fingers, he is also a philanthropist and doesn't know it. He works hard to produce his wealth and then paternalizes the men who are to benefit by it. He sits in the confers of the Captains of Finance who dictate things in Wall street and elsewhere; in fact he assists the trust magnates to the money required to build up combinations that the good philanthropic farmer is compelled to support. He does it and he never thinks that he deserves it. Every time he sits in the office of a mail order house away to the big mail order house for his supplies, he does his mite toward capital concentration in the great financial centers, and his little mite seeks a resting place among the money held in reserve to meet the wants of the nation. It is about this time that the farmers take a cold fact, and come to a realization that their interests are best subserved by keeping their earnings as close to their homes as possible.

Trade at Home.

Patronage of the big mail order houses is founded largely on short-sightedness. In one way it is akin to the great mail order house price schemes. The buyer believes he is getting something for his money that is not really given, and fails to realize either where his money goes or what he gets for it.

No one would think of telephoning to the hardware store and asking the dealer to send up a dozen dining room chairs, without having previously examined the chairs, or of ordering a dress or pair of shoes, or a stove in this way. Yet that is practically what the patron of the mail order house does. He orders by mail without ever seeing the goods, and gets a idea of their appearance or character. It is taking a long chance. Two things on which he has to base his conception of the articles ordered is a description in the catalogue and the cut given there. In other words, the manufacturer, the other man, describes the prominent features of the engraver's art. It is possible to make a very creditable cut from a clumsy and worthless model. It is possible to describe an article in a way that makes it appear most desirable. Incidentally it seems to be always possible to find some one who is able to do a good job and cut at their face value, without properly discounting these people the mail order business drives. A little investigation and comparison will convince the average person that his money will go further, and yet, the greater returns are to be had from the mail order house. The fictitious values offered by the outside houses. But the articles sold by the mail order houses must be compared as they really are, and not as they are reputed to be in the catalogues. —(Beverly (Mass.) Times).

Health Board's Report.

To the Honorable Board of Council of Hopkinsville.

Gentlemen—We hereby submit a report of the work done by the health board during 1907 and beg to make some suggestions and recommendations to the council for their consideration during the year 1908. During the year there were reported to the board 61 births, divided as follows: White males, 26; white females, 24; colored males, 5; colored females, 6. As is usual there were few colored births reported, for the reason that there are no physicians in attendance on these cases, therefore no report is received. There was reported 124 deaths, as follows: Male white, 24; female white, 16; male colored, 38; female colored, 46. Contagious diseases reported: Typhoid fever, 33; scarlet fever, 11; measles, 12; tuberculosis, 14; diphtheria, 4. There were 295 nuisance notices served and the nuisances abated; 24 houses were placarded and 56 houses fumigated and disinfected.

There has been so much scarlet fever and so widely different districts that we have made a strenuous effort to find the origin of the infection but have been unable to find any connection these cases have with each other. In view of the fact that during 1906 we had the same condition of affairs we are forced to the conclusion that the disease had its origin in unsanitary conditions which are known to produce this trouble. The typhoid cases are due to the carelessness of people who have the disease in their homes, to eating unclean food and drinking polluted water, and bad drainage. When we look at the above list of contagious and infectious diseases and remember that they are preventable, it is enough to stagger us and should be enough to awaken the people to the importance of these matters and cause them to give the health board their hearty co-operation and support for it is known that a health board is it ever so diligent cannot do effective work unaided and alone. It must have the support of the people it would benefit.

In this connection I would call the attention of the council to the importance of looking closely into the question of drainage. Some of the surface sewers are entirely too small and new ones are badly nested in several places. In our report last year we suggested a public market house and again we make the suggestion as being the best method of giving our citizens a pure food supply. The inspection of the meat shops should not be overlooked, the clean meat shops will give us its hearty support and co-operation, and the filthy man is the one we are after. Expectorating on the sidewalk is unsightly, unsanitary, tends to spread disease and is otherwise objectionable, and we would endorse an ordinance prohibiting this disgusting practice. All of which is most respectfully submitted,

Building Had Many Uses.

An old brick laboratory in Middletown, Conn., which was torn down recently, has been put to many uses since its erection in 1825. Originally it was a greenhouse, but it has since been used as a hospital, an eating house, a carpenter shop, an icehouse and an electrical laboratory.

SUFFERED WITH ECZEMA 25 YEARS

Limb Peeled and Foot Was Like Raw Flesh—Had to Use Crutches, and Doctors Thought Amputation Necessary—Montreal Woman Writes of Cure Seven Years Ago.

BELIEVES LIFE SAVED BY CUTICURA REMEDIES

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg, which has been on her limb for a long time. I have had to fastidiously bathe the limb, but I have had to use crutches to support it. My doctor had advised me to have my leg amputated, but I said I would try the Cuticura Remedy. He said, 'Try them if you like, but I do not think they will do any good.' At this time my leg was peeled from the knee, my foot was like a piece of raw meat, and I had to walk on crutches. I bought a cake of Cuticura Soap, a box of Cuticura Ointment, and a bottle of Cuticura Pills. After the first two treatments the swelling went down and in two months the skin was healed and the skin came on. The doctor could not believe his own eyes when he saw that Cuticura had done the work. He said he would use it for his own patients. I used two cakes of Cuticura Soap, three boxes of Cuticura Ointment, and a bottle of Cuticura Pills. I have now been cured over seven years, and but for the Cuticura Remedy I would have lost my life. I have lots of grandchildren, and they are frequent users of Cuticura. I have recommended it to the many people whom my business brings to my house every day. Miss Lena Williams, 277 Montreal St., Montreal, Quebec, Feb. 20, 1907."

INCENDIARY FIRE

Destroys the Last Business House in Rock Castle.

The general mercantile store of John Hendrick at Rock Castle was destroyed by fire Tuesday night. The fire was discovered just before midnight, but had gained such headway that it was impossible to extinguish the flames. Mr. Hendrick closed his store between nine and ten o'clock and went home, and says that there was no fire in the store when he closed up, and the supposition is that the fire was of incendiary origin. The fire evidently started from the back of the building.

The building was an old warehouse on the river bank which Mr. Hendrick had been using as a business house since the fire on the night of Nov. 25th, which destroyed every business house in town, besides several dwellings. He had begun the erection of a store room on the lot where his other business house stood, and would have had it completed within another week.

There was about \$3,000 worth of goods in the building, with not a dollar of insurance on it or the building. The postoffice was located in the building and this also burned, including all the mail, mail sacks and office fixtures.

Mr. Hendrick had no insurance on the stock he lost at the November fire, his loss then being in the neighborhood of \$2,000, and the additional loss of \$3,000—Record.

MOTHER

Never Recovered From Tragic Death of Daughter.

Rockport, Ky., Jan. 3.—The death of Mrs. Nancy L. Ford, which occurred at Sunnyside after an illness of ten days with pneumonia, recalls the tragic death of her daughter, Miss Prudie Ford, whose untimely death at her own hands shocked this part of Kentucky. Miss Ford was accused of a theft of which she was entirely innocent. Being of a very sensitive nature, she was unable to bear the disgrace, and, after writing a long letter to her sweetheart, she drowned herself in Rough river. The woman who accused Miss Ford of the act has since passed away. The young lady's mother never fully recovered from the shock of the terrible event, which occurred last March.

LOVERS REUNITED.

Were Sweethearts When Civil War Began.

Stanford, Conn., Jan. 3.—Jereim O'Meara, aged seventy-two years, and Helen Norton, aged sixty-five, were married here yesterday afternoon, after a wait of forty years. They were sweethearts when the Civil War broke out and O'Meara enlisted.

When the war was over, he returned, but could find no trace of the girl he had left behind. She believed that he had been killed, but was not able to confirm the belief. Neither ever married, and it was only a short time ago that they found each other after forty years of waiting.

And Death Follows Meal of Hard Boiled Eggs.

NO INVASION BY PEACE ARMY

Usual Crowd in Town Yesterday But All Was Quiet.

SOLDIERS GET BIG GUN.

Viewed By the Public and Stir Created By Its Presence.

If there were any plans for a gathering of unusual proportions in Hopkinsville yesterday, it did not materialize. Only the ordinary "first Monday" crowd of farmers were on hand. The county committee of the association held its regular monthly meeting in the forenoon. Chairman W. W. Radford presided and most of the country districts were represented. One or two committee men reported that they had heard rumors that some association tobacco had been sold outside of the association. Committees were appointed to investigate the truth of the reports. There was no public speaking held and nothing occurred to justify the report that a demonstration was to be made to intimidate the grand jury in investigating the raid of Dec. 7.

Gatling Gun Arrives.

The citizens were surprised yesterday morning to find one of the State Guards' gatling guns in front of soldiers' headquarters on Court Square. Gov. Wilson had sent it down Sunday night with a squad of three men and it was conspicuously displayed as evidence of the Governor's unfinishing determination to enforce the law, by peace conferences if possible but by force of arms if necessary.

The gatling gun, bright and shining, was manipulated by the soldiers for the entertainment of the crowds who crowded around to inspect its mechanism. Many had never seen a piece of artillery so formidable before and it was viewed with much interest and admiration by those who soon learned that it was merely a part of the equipment of Co. H and was not to be turned on any but armed enemies in rebellion against the authority of the State of Kentucky. There was much adverse criticism heard from farmers, and there was more heated talk heard on the streets than at any time since the riot of a month ago.

The day was an ideal one and in spite of all the fears of the timid ones that there would be some sort of trouble, it passed off with less than the usual disorder. The new police force all went into office, but even new brooms did not sweep clean enough to make many arrests. The Grand Jury.

Premature gossip about the grand jury is causing trouble and an effort was made yesterday by Foreman Barnett to find out who is attempting to give publicity to the investigation. It is authoritatively denied that any definite action was taken last week. The investigation has hardly begun.

REWARD FOR INFORMATION

(Continued from First Page.)

law will be invoked to instantly suppress disorder, to discover and imprison the cowards who secretly conspired to intimidate the people into obeying mob rule. All these so-called peaceful armies, whether night riders or day riders, are simply taking into their own hands the rule of our people by mob law, and the 'generals' who figure as leaders will figure as chief criminals, and all alike will be found out and punished. The State government will not hesitate nor relent. Mob rule cannot stay in Kentucky, even though it strikes coward-like in the dark and runs and hides. Presently the forces of the State will catch the night riders and the day riders in the act, and the consequences will fall upon the heads of the men whose plots have brought these things to pass.

"AUGUSTUS E. WILLSON,
Governor."

NEW KIND OF REWARD.

The Governor immediately notified the Secretary of State that whereas divers wicked and malicious persons whose names are unknown, have plotted and conspired, and are now plotting and conspiring to gather large bands and mobs of lawless persons in kluxx gangs, although called peaceful armies, to intimidate, to draw up the necessary legal papers "to offer a State reward of \$500 for every person who shall be discovered arrested, and convicted anywhere in the counties of Trigg, Caldwell, Lyon, Christian, Logan, Bracken or Mason, through information given in advance of any intended raid, which will enable the county or State authorities to meet the criminals."

"The purpose of this reward is to induce anyone of the many who shall know beforehand of an intended raid, to give warning long enough in advance to enable the authorities to apprehend the raiders. The greatest care will be taken to keep the informant

Adjutant General of Kentucky or to the Governor of Kentucky."

The Governor received the following telegram from officials of Logan county:

"Night riders burned two tobacco factories at this place last night, and other property caught from these and was burned. We stand ready to do our full duty in this matter and suggest that you send the Fire Marshal to summon witnesses and make full investigation immediately. No one can so far be found who can identify guilty parties. A special term of Circuit Court will be called as soon as evidence to present to a grand jury can be secured."

"W.P. SANDIDGE, Circuit Judge.
J. W. EDWARDS, County Judge.
T. G. RHEA, Sheriff."

KY. SOCIETY OF EQUITY

Meets Next Thursday at Henderson.

Henderson, Ky., Jan. 6.—Next Thursday, January 9, the Kentucky State Union of the American Society of Equity meets in the city of Henderson. From 150 to 200 delegates from all over Kentucky are expected to be present. Assurances are to the effect that the Burley counties will be largely represented. The success of the stemming district association embracing the five counties growing annually thirty million pounds of that type of tobacco known as strips, namely Henderson, Hopkins, Union, Webster and Crittenden, with headquarters in this city, commands the attention of co-operating farmers all over the State, and they are coming here next week to hold a love feast. Some of the best speakers in the State will be here, and the Hon. A. O. Stanley is down for an address.

To stop that pain in the back, that stiffness of the joints and muscles, take Pineleus. They are guaranteed. Don't suffer from rheumatism, backache, kidney trouble, when you get 30 days' treatment for \$1.00. A single dose at bedtime proves their merit. Get them to-day. FIRST CASES

In the Police Court for the New Year.

The first cases to appear on the slate at police headquarters for the new year were for house breaking and stealing hides.

For some time the Crescent Milling Company has been missing flour from one of the storage rooms and all efforts to track off the alleged thieves were futile until a few nights since, when two men were found in the room.

They proved to be Dave Poindexter and Sam Morris, two negroes. Some of the employees of the mill pounced down on them and arrested and delivered them to the police. They were sent to jail Monday to await their trial.

Morton McKnight, colored, was arrested on a warrant sworn out by S. Sacks. It is said that McKnight sold three fox skins to Wiley & Haynes. Sacks found out where his missing furs had been sold and had McKnight arrested. After his arrest McKnight swore out a warrant for the arrest of another negro named Clyde Croney, stating that he had bought the fox skins from Croney.

The two negroes were sent to jail yesterday morning until the charges against them could be investigated.

These were the only cases entered at police headquarters up to yesterday morning.

"I trust this may be read by many sufferers from kidney and bladder troubles" writes Mrs. Joe King, of Woodland, Tex. "I suffered four years and could find nothing to give even temporary relief. Our druggist at last induced me to try your 30 days' treatment of Pineleus for \$1. This one bottle has cured me and money could not buy the value it has been to me. Guaranteed. Sold by Anderson-Fowler Drug Co."
